The Insanity of the Ego in Human History and the Dawning of a New Era

STEVE TAYLOR
New Edition with Afterword

Fall, The (new edition with Afterword)

Steve Taylor

A new edition of Steve Taylor's bestselling classic, in which the author provides an Afterword, including research developments that have occurred since the book was first published in 2005.

"The Fall is one of the most notable works of the first years of our century, and I am convinced it will be one of the most important books of the whole century." **Elias Capriles, International Journal of Transpersonal Studies**

Iff Books; 2018-06-29; New Thought/History/Cultural & Social; Pb-9781785358043, \$22.95/£14.99, 360pp, 8.5x5.5inches / 216x140mm, Ebk-9781785358050, \$17.99/£10.99.

Is There an Afterlife?

David Fontana

The fruit of a lifetime's research and experience by a world expert in the field, *Is There An Afterlife?* presents the most complete survey to date of the evidence, both historical and contemporary, for survival of physical death.

"It will surely become a classic not only of parapsychology literature in general but also of survival literature in particular." **Radionics, Scientific & Medical Network's, Book of the Year 2006.**

Iff Books; 2005-03-03; Research/PSYCHOLOGY (General)/Afterlife & Reincarnation; Pb-9781903816905, \$19.95/£14.99, 502pp, 6x9inches / 6x9mm.

Idea of the World, The

Bernardo Kastrup

A rigorous case for the primacy of mind in nature, from philosophy to neuroscience, psychology and physics.

"Bernardo Kastrup is one of the leading thinkers today about the nature of consciousness. In his latest book The Idea of the World, he presents a compelling argument that consciousness is fundamental and causal, that reality arises from consciousness, not consciousness from spacetime. He writes well, and his arguments are well-grounded. This book is worthy of your attention." **Stephan A. Schwartz, scientist, futurist, historian, and writer**

Iff Books; 2019-03-29; Metaphysics/Quantum Theory/Cognitive Psychology & Cognition; Pb-9781785357398, \$22.95/£14.99, 312pp, 8.5x5.5inches / 216x140mm, Ebk-9781785357404, \$17.99/£11.99.

Why Materialism Is Baloney

Bernardo Kastrup

A hard-nosed, coherent and empirically plausible non-materialist metaphysics according to which the body is in mind, not mind in the body.

"Bernardo Kastrup's book is another nail in the coffin of the superstition of materialism. With elegant clarity, he explains that mind, brain & cosmos are what consciousness does." **Deepak Chopra, M.D., bestselling author**

Iff Books; 2014-04-25; Metaphysics/Mind & Body; Ebk-9781782793618, \$16.99/£9.99, Pb-9781782793625, \$22.95/£12.99, 256pp, 8.5x5.5inches / 216x140mm.

Punk Science

Manjir Samanta-Laughton

Ever wondered what life is all about? Do you sense there might be a bigger picture? You are not alone.

"A work of great synthesis and originality that places consciousness in the centre and puts the soul back into science. By moving beyond the 'perception horizon' of modern science, the author combines insight with evidence to formulate her Black Hole Principle where dark matter contains the light of higher dimensions and the masculine and feminine principles work together. Prepare to have your ideas turned inside out." **David Lorimer, Director of Scientific and Medical Network**

Iff Books; 2006-10-27; Religious/Religion & Science; Pb-9781905047932, \$22.95/£12.99, 336pp, 5.5x8.5inches / 216x140mm.

More Than Allegory

Bernardo Kastrup

A plausible, living validation of religion that doesn't contradict reason. This book is a three-part journey into the rabbit hole we call the nature of reality. Its ultimate destination is a plausible, living validation of transcendence.

"Do not kid yourself. This is no ordinary book. It is a tangle or reflexive loop in the brain of God. ... It is certainly not a book to provide your already overloaded life with yet more information or mere data. It is not about information at all. It is about the knower of any and all information. Read on, then, inside God's brain, but be careful. You just might wake up God." **Jeffrey J. Kripal**

Iff Books; 2016-04-29; Comparative Religion/Metaphysics; Pb-9781785352874, \$21.95/£12.99, 264pp, 8.5x5.5inches / 216x140mm, Ebk-9781785352881, \$9.99/£6.99.

Brief Peeks Beyond

Bernardo Kastrup

This book is a multi-faceted exploration and critique of the human condition as it is presently manifested.

"Better than any book I've come across, Bernardo Kastrup's collection of essays confronts two mysteries that must be urgently solved. The first is the mystery of reality. The second is the mystery of knowledge. To confront both mysteries at once requires courage, tenacity, a willingness to swim upstream, and thick skin. But if you have a persistent, acute mind like Bernardo's, an exciting journey opens up." **Deepak Chopra, M.D., best-selling author**

Iff Books; 2015-05-29; Metaphysics/Free Will & Determinism/Unexplained Phenomena; Pb-9781785350184, \$22.95/£12.99, 251pp, 8.5x5.5inches / 216x140mm, Ebk-9781785350191, \$9.99/£6.99.

Savage Breast

Tim Ward

We think of God as male, but the most common representation of the divine through our history has been female, as the Goddess. When did this major change happen, and why?

"An epic, elegant, scholarly search for the goddess, weaving together travel, Greek mythology, and personal autobiographic relationships into a remarkable exploration of the Western World's culture and sexual history. It is also entertainingly human, as we listen and learn from this accomplished person and the challenging mate he wooed." **Harold Schulman, Professor of Gynaecology at Winthrop University Hospital, and author of An Intimate History of the Vagina**

From the Bottom of the Pond

This is a book about knowing God. It is for those for whom just believing (or not believing) is no longer enough.

"Don't just pick this book up, read it and read it again. It's the best Christian book I have read in years. This is a book that will inform, delight, and teach. It needs to be heard. It has the potential to light up Christianity. It shines a light on God in the midst of life, in the detail and the dirt, and it should be on every Christian's reading list." **John Hick, Emeritus Professor of the Philosophy of Religion, Claremont Graduate University, California; philosopher, theologian, and author**
